

Concert Band Update

New COVID guidelines for schools delivered this week means we have had to amend our Concert Band rehearsals and music tuition delivery.

What Does This Mean?

Band Tuition (during school)

- * students will still attend their usual Tuesday group tutorial
- * during this group session students will learn theory skills and repertoire *without* playing their instrument (for the first part of their lesson)
- * students will then work individually with their tutor to apply these skills on their instrument
- * reducing group sizes and using additional tutors will ensure students still receive a full lesson-worth of content each week

Band Rehearsal (after school)

- *students will still attend their weekly band rehearsal each Tuesday after school
- *students will work on ensemble skills using percussion, clapping and other techniques which do not require 'blowing'

Let us keep the music alive!!
